

Superfusion weld rod is manufactured by Rangdaneh sirjan from the highest quality resins available. Rangdaneh sirjan uses 100% virgin material and absolutely no reground materials are used in our weld rod manufacture. All weld rod is packaged immediately after it is manufactured preventing exposure to UV or other contaminants. Our weld rod is manufactured at the lowest possible temperature preventing degradation during manufacture. Superfusion weld rod is available in a large range of materials, sizes, colours, profiles and package sizes and made to a tolerance of +/- 5%.

Superfusion weld rod is proudly manufactured in Iran For special orders please contact Rangdaneh sirjan for minimum run quantities.
